DAY 6: SLOVENIA CULINARY CLASS

Slovenian cuisine has developed 170 recognized and typical dishes. These are a great basis for countless new explorations and for creating a rich range of flavours. When we speak of Slovenian cuisine, we are usually referring to the traditional country dishes. Even here, there are differences in style and method, due to the diversity of countryside and climate. No great skill is required for the preparation of "kaša" or "šara" (porridge or gruel), other dishes require a great deal of experience, knowledge and skill, for example: "potica". Traditional Slovenian cuisine almost exclusively used food products grown in Slovenia.

Cooking class: according to availability and request with supplement (focused on typical Slovenian dishes, local products, fresh seasonal ingredients).
